October 22nd (Sun)

10am to 11:30am

This month, we will try Japanese traditional easy art, origami. Let's make paper crane, shuri-ken, and box together. shuri-ken is one of the weapon used by ninja. The paper box can be your coin, key, or jewelry holder. It would be fun to learn them, and they could be a nice little ornament at your place. Family/ friends are welcome! Please book by Oct. 20th!
