Have you ever tried "Nerikiri"? It is one of the Wa-gashi, the Japanese confectionery made with white bean paste. You have a different shape of Nerikiri depending on the season, and therefore it is considered as a work of art, too.

Let's try making "Nerikiri" together! We will go to Wa-gashi shop together, and will learn how to make "Nerikiri" from the professional master. You can taste the Nerikiri sold in the shop with Maccha-tea there, and take your Nerikiri back home!
